Executive summary

RECALLS THIS QUARTER	PRIOR QUARTER	SAME QUARTER, PRIOR YEAR
12	10 +2 QoQ	21 -9 YoY

Category mix

Contamination: 6

Label/data: 6

Pattern of the quarter

Contamination findings dominated

Contamination recalls — primarily *Aspergillus* species detected during DCC sampling or operator self-test — accounted for 50% of this quarter's recalls (6 of 12). The mandatory share (0%) suggests DCC continued active enforcement of the microbial-contamination action limits.

Methodology & about this report

This report synthesizes one calendar quarter of California cannabis compliance data published by the Department of Cannabis Control on two public sources: recalls.cannabis.ca.gov (recall notices) and cannabis.ca.gov/cannabis-laws/compliance-action-records (enforcement actions). Every record on this report is sourced verbatim from a DCC public notice. The DCC portals are the authoritative source; if you find a discrepancy, the portal is correct.

Recall category labels (contamination, label/data, mixed, other, packaging) are interpretive groupings applied by Phenominal Consulting based on the verbatim DCC reason language on each notice. They are not DCC's own classification. **Enforcement action types** (Citation and Fine, Suspension, Revocation, Annual License Denial) are DCC's own labels.

Counts reflect each separately-published record on the DCC portals. DCC publishes one recall row per recalled SKU; a single enforcement event that pulls multiple SKUs publishes as multiple rows. Enforcement actions are counted once per published action.

Quarterly reports publish after each calendar quarter closes. For monthly snapshots, see the [monthly report archive](#). For live data between reports, see <https://phenominal.io/recalls>.

About Phenominal Consulting

Phenominal Consulting is a Sacramento-based California cannabis distribution compliance practice. We work with Type 11 distributors on the operational gap between the lab, the ERP, the label generator, and the printer — the data flow that produces every printed cannabis product label and the recall surface the DCC most frequently cites.
